Brother Of Convicted Red Spy Is Arrested As A Spy

By HAL MCCLURE
NEW YORK (AP) — A New York psychiatrist arrested as a 20-year Soviet spy never tried to escape his shadowy past during a long "hot surveillance" by FBI agents, says his attorney.

On the contrary, the doctor even stopped his car so that trailing agents could catch up with him, the lawyer said.

The psychiatrist, Dr. Robert Soble, 60, was held in \$75,000 bail for a federal court hearing Dec. 20. Soble, whose legal name is Soblen, is a brother of confessed Soviet spy Jack Soble, 57, serving a seven-year prison term for espionage.

DEATH PENALTY POSSIBLE

The government charged that the brothers were involved in separate espionage rings that sought national defense secrets for transmission to the Soviet Union. Both brothers were naturalized in 1947.

Dr. Soble, if convicted, could receive the death penalty. The doctor suffers from a serious illness, his attorney said.

Soble was arrested at noon Tuesday at Rockland State Hospital, in suburban Orangeburg, where he has served as supervising psychiatrist.

3 YEARS OF WORK

The indictment by a federal grand jury also named 18 co-conspirators, none of whom are defendants. They include several Soviet officials and four Americans.

It took the government three years to collect evidence for an indictment against Dr. Soble.

Apparently, Soble made friends among FBI agents who arrested him. He asked Judge William B. Herlands if he could say goodbye to "the FBI gentlemen."

WORKED FOR BERIA

Herlands smiled and gave his permission. The doctor bowed from the waist and waved to the jury.

The judges also rejected the State of Louisiana's request to throw out the original integration order by U.S. District Judge J. Skelly Wright on grounds the court lacked jurisdiction.

Judge Wright sat on the special panel with Chief Judge Richard T. Rives of the Fifth U.S. Circuit Court of Appeals and U.S. District Judge Herbert W. Christenberry. The school board has asked that integration, which started Nov. 14, be suspended pending the settlement of state-federal legal issues.

TWO CONFESS TWO ASSAULTS AND ROBBERIES

State police at the Gettysburg substation Tuesday evening reported that two crimes of violence committed in Adams County within the last week have been solved.

The officers say they have signed confessions and pleas of guilty from Maurice Edward Miller, 19, and Larry Richard Miller, 20, both of Littlestown R. 1, in the beating and robbery of Alizetta Smith of Gettysburg last Tuesday night and the vicious beating and robbery Monday evening of Harry Edgar Shanefelter, 28, at his home along the Littlestown-Hanover Rd.

The pair is in the county jail without bond awaiting sentence in the Adams County court. The boys are neighbors and, although they have the same surname, say they are not related. They live along the Barlow-Two Taverns Rd.

THREW WATCH AWAY

The prisoners said they threw away Shanefelter's watch and name bracelet. They had not cash when they were arrested Tuesday noon in Gettysburg. They offered no resistance to the two state troopers who picked them up.

Alizetta Smith, S. Washington St., was kicked and beaten, robbed of her handbag containing \$8, stripped of all her clothing and thrown over a Rock Creek bridge wall three miles south of here the evening of November 22.

Monday evening the pair beat and kicked Shanefelter for a half hour at his home before he revealed where he had \$130 Christmas money hidden. Shanefelter is a patient in the Warner Hospital with a broken jaw and nose and painful bruises.

CHARGES FILED HERE

Informations have been signed by state police from the Gettysburg substation against the pair before Justice of the Peace Anna Thompson of Gettysburg. They are charged in each case with robbery with accomplice and aggravated assault and battery.

YOUTH TELLS OF FATAL BUS, TRAIN CRASH

LAMONT, Alta. (AP)—"I heard a bang and the next thing I knew I was sitting in a ditch."

Thus Keith Tompkins, 12, described the moment when 16 of his high school classmates were killed Tuesday as a Canadian National Railway freight train slammed into their school bus.

Only one of the 42 persons aboard the bus was uninjured. Twenty-five were injured, 10 seriously.

STRUCK THE MIDDLE
The train was traveling about 50 miles an hour, railroad officials said, when it struck the bus at a crossing a quarter-mile outside this central Alberta town.

The braking train pushed the wreckage ahead of it into town, strewn some of the victims along the snow-covered tracks in subzero temperatures.

Keith's brothers, Tom, 13, and Robert, 15, were in the rear of the bus when the train struck it squarely in the middle.

BLINDED BY SUN
"I found Tom in the wreckage," Keith said. "He didn't know where he was. Robert was walking up the tracks, looking a little dazed."

Rescuers needed a tractor and acetylene torches to release some of the injured.

Citizens near the crash scene said the driver, Frank Butney, 27, one of the survivors, may have been blinded by the sun as he drove up the inclined approach to the crossing.

Jimmy Winnick, the only student to escape injury, told reporters he did not remember the bus stopping.

'OPEN HOUSE' AT MURPHY'S

The annual "open house" for employees and their families was held Tuesday evening in the G. C. Murphy Co. store.

Gift certificates were awarded to the following: Mrs. Allen Trostle, \$10; Miss Carol Woodward, \$5; Mrs. Merle Rudisill, \$3; Mrs. Lester Kime, \$2.

The purpose of the "family night" is to "give employees an opportunity to share in yuletide festivities as well as meet the families of their co-workers and friends."

All those present were permitted to shop at their leisure and "make their gift selections in a friendly, uncrowded atmosphere."

"Family Night" provided a night "out" for the employees' families with groups of people from tiny tots to their grandparents participating in the event. For the convenience of parents, a baby-sitting service was provided. The kiddies joined in the festivities with toys, games and books while their families shopped and shared in the fun with the assurance that the children were in capable hands.

CHURCHILL IS CELEBRATING 86TH BIRTHDAY

By EDDY GILMORE

LONDON (AP)—The seemingly indestructible Sir Winston Churchill celebrated his 86th birthday today with a 100-pound cake soaked in his favorite brandy.

Habitually a late sleeper, he had the lights on early in his bedroom.

There was good reason—for a parade of well-wishers, postmen, messengers and delivery boys began ringing his doorbell as early as 6:30 a.m.

MANY TELEGRAM

First to pull up before his London home was a uniformed post-office messenger carrying a heavy load of birthday telegrams, many from the United States.

A member of his household said a greeting from President Eisenhower was among the thousands pouring in from all over the world.

First indications were that this would be a quiet birthday, for Sir Winston is still recuperating from a broken bone in his back suffered in a fall 15 days ago.

MAY EAT CAKE

But people who know him best said that while his doctors may hope for a quiet day, he'll probably do something outrageously Churchillian before the day is over.

Said one of his friends: "Now take that cake, for instance. It's been soaked with a bottle of brandy and he'll not only cut it but eat some of it."

Brandy is one of Sir Winston's favorite beverages and at his age he still drinks it along with smoking good cigars.

MORE GREETINGS

Around the huge and alcoholicly fragrant cake, the mail, telegrams and presents piled up.

They included greetings from Queen Elizabeth II, Prime Minister Macmillan, the heads of foreign states and from the humblest in this and other lands.

KIDNAPERS BUNGLED JOB

SAN DIEGO, Calif. (AP)—Kidnapers of rich sportsman Anthony Alessio were bunglers who "left trails a mile wide," a police official says.

Five suspects have been arrested. Federal agents believe one or two more members of the gang may still be at large. About \$83,000 of the \$200,000 ransom paid for Alessio's release has been recovered.

Alessio, one of seven brothers prominent in Southern California business circles, was kidnapped in San Diego at gunpoint by two men on Nov. 22, released unharmed more than 24 hours later after the ransom was paid. The initial arrests were made soon afterward.

Three persons were arraigned here Tuesday on a state charge of kidnapping, which is punishable on conviction by life imprisonment with possible parole after 7½ years because the victim was unarmed. Arraigned were James Robert Gorman, 29, escaped convict; his wife, Ruby, 30, and Selma Marrone, 25. Each was held in lieu of \$210,000 bail.

Two others were arrested Tuesday. They are Richard Lee Hoffman, 24, named by the FBI as one of the gunmen who abducted Alessio from his driveway, and Frank Marrone, 31, a convicted Alaska murderer awaiting appeal.

NEWSMEN GET FIRST VIEW OF TRACKING EAR

By RALPH DIGHTON

SAN NICOLAS ISLAND, Calif. (AP)—On this barren, gullied clod of earth 55 miles off the California coast man has cupped a giant ear to the heavens.

Today this ear, a dish-shaped antenna 60 feet in diameter, is listening to a satellite 400 miles high which photographs the world's weather and measures the heat the earth receives from the sun.

Sometime next year it will begin listening to another kind of satellite—one with a man in it. This antenna and others in the network around the globe will keep ground scientists informed around the clock when America's astronauts venture into orbit.

"JOY STICK"

Newsman got their first look at this new and heretofore secret tracking facility of the National Aeronautics and Space Administration Tuesday as the robot weather man, Tires II, made its 92nd circuit of the globe.

At the sound of an alarm an operator seated himself at a console of flashing lights and dials with nervous needles. Centered on a small panel was a lollipop-sized "joy stick."

Grasping this control lever he swung the 11-ton dish around like a toy, picking up the satellite's signals as it whizzed up over the northern horizon.

OTHER INFORMATION

At the push of a button the 280-pound satellite began radiating pictures it had taken and stored during its previous orbit. This finished, it began chattering into the giant ear what it had learned about the way the earth absorbs and radiates the sun's heat rays.

Fourteen minutes later it was all over. The satellite had rushed on beyond the southern horizon.

Fifty-five miles away, in the headquarters of the Pacific Missile Range at Point Mugu, the pictures and the infrared data had been received by microwave radio and were being processed and studied.

2-HOUR PICTURE

Lithium two hours, the photographs of clouds snapped by the satellite would be in the hands of Navy, Air Force and civilian weather forecasters thousands of miles away.

Eventually after many of these satellites have been launched weathermen will know what's brewing upstairs all around the world. This will mean safer travel, quicker storm warnings and better odds that you need never be caught in the rain without a slicker.

Beware! Every Third Salesman

ONTARIO, Calif. (AP)—Answering the doorbell, a housewife tripped over her son's toy gun and picked it up.

The salesman she confronted turned pale and ran, vaulting a 3-foot fence.

Mrs. Bernard Pennino told police Tuesday she then discovered her son, Jimmie, 15, had put on the front door a sign reading:

"We shoot every third salesman, and the second one just left."

APPROVE LARGER BUDGET

BELLS ON DECEMBER 31

The board recommended to churches in the county that they participate in the "Bells for Fellowship" project at 7 p.m. on New Year's Eve by ringing church bells.

Member churches have contributed \$1,145 and the council has received additional donations for the work among the migrants. Work among the migrants this year cost \$1,373 in council funds.

75 Adams Youth Entering Contest

The national "Youthpower-Food Comes First Congress" is under way in Adams County. Approximately 75 students between the ages of 16 and 19 years from the public and parochial schools are making surveys for their applications in the state and national congress.

During the first week in December, these applications will be completed and selected at the county level for entry in the Pennsylvania Youthpower Congress in Harrisburg February 6. The winners in Adams County will spend the day in Harrisburg where eight entries will be selected and eight youths in Pennsylvania will be chosen to go to the national "Youthpower-Food Comes First Congress" in Chicago March 9-11.

The purpose of this project is to promote a nationwide series of activities designed to extend the farm-to-table story of food to the teen-age group. It is intended to increase understanding within the teen-age group of the importance of health, nutrition, good eating habits and fitness, and through them the understanding of the general public.

The Congress is sponsored by the American Farm Bureau, county agents, home economists, food processors, chain stores and retail merchants across the nation.

State's Rights To Take Land Studied

The Carroll's Tract Advisory Council of the Adams County Farmers' Association met recently at the home of Mr. and Mrs. Charles Lott, R. 2, "Property Procurement Procedure for Highway Purposes" was the topic discussed under the leadership of John Diehl, Fairfield R. 1.

Two methods of property acquisition for highway construction were explained by Mr. Diehl: Easement, the right to pass over or through the property of another when payments are made for property damage and only the amount of land required for public use is taken; and fee simple acquisition where the property is purchased by the state. The state may purchase only the land required for public use or the entire property.

The group came to the conclusion that the state should not have the amount of power granted by the fee simple method of acquisition except for construction of controlled-access highways. The council decided that there should be controls to prevent purchases of excess acreage under the fee simple plan. They agreed that there should be a combination of fee simple and easement methods of property procurement from Pennsylvania farmers.

FBI agents. "Thank you very much, gentlemen," he said.

The government said the Soble brothers were born in Lithuania and during the 1930s roamed Europe as Communist agents for the Soviet secret police.

The indictment charged that in 1940 Jack Soble met the late Lavrenti P. Beria, head of the Soviet secret police under Stalin. In exchange for permitting nearly all the families of both brothers to go to the United States, the brothers agreed to act as spies here.

2ND MAJOR ARREST

The indictment said that Dr. Soble received monthly reports during World War II—from local headquarters in Rockefeller Plaza of the super-secret Office of Strategic Services. Documents, writings and photographs and notes allegedly were collected and sent to the Soviet Union.

His arrest was the second of its kind in this area in little over a month. On Oct. 27, the FBI arrested Igor Y. Melekh, Soviet united nations employee, and William Hirsch, German-born medical illustrator. They face trial in a Chicago federal court.

ration of the painting of Pickett's Charge and its transfer to the new site. He said that the new building is a "most economical structure." It contains 36,500 square feet of floor space, is well lighted, and in the cyclorama, a special sound and light will be installed. The lower level of the building will house the exhibits.

EXPECT MANY VISITORS

The reason for so large structure, Myers told the club, is that a record number of tourists is expected to visit Gettysburg during the next few years. "Unless there is a depression or war, visitation will increase greatly, not only in '63, but in the many years to come," he added. He quoted the July tourist figure of 200,000 as an example of a record month, which topped any previous month in history. He also said that by the end of this year, Gettysburg will probably have more visitors to the Battlefield than were here for the 1938 record year when the Eternal Light Peace Memorial was dedicated.

After Myers gave some details about the restoration of the "Pickett's Charge" painting, members asked him various questions about the battlefield.

President Crosby Hartzell presided at the session attended by 25 members. William Jordan, superintendent of the Adams County Home, was inducted as a member by past district Governor John J. Slentz.

In the absence of Ralph Will, Hartzell appointed Albert D. Sterner as program chairman for December.

TWENTY-FIVE YEARS AGO

Visitor Dies Here 12 Hours After Arriving: Miss Annie Hawk, 72, of Key-Mar, Maryland, prominent church worker and substitute rural mail carrier, died at the apartments of Miss Ella Gilliland Eckert building, Center Square, at 9:45 o'clock Friday evening from the effects of a cerebral hemorrhage suffered at 10:30 o'clock Friday morning, shortly after she arrived in Gettysburg.

20 Awards To Be Drawn For Monday Night: The third weekly drawing in the Gettysburg and Adams County "BETTER BUSINESS CAMPAIGN" will be held Monday evening at 9 o'clock at the Hotel Gettysburg annex, following an hour's entertainment. Twenty merchandise awards will be given.

Doors to the annex will open at 7:45 o'clock.
Missing Teeth Cause Dentist Much Trouble: A set of false teeth cost a dentist five dollars in telephone calls and a round trip from Thurmont to Gettysburg; caused an Emmitsburg drug store clerk to be paged from the Arcade theater in Waynesboro; kept a patient waiting in the dentist's office for four hours, plus the discomfort of others involved—all because the teeth were placed on the wrong bus in a Baltimore terminal.

Seek Bids For School Annex: Sealed proposals will be received by the East Berlin school board until 1 o'clock Saturday morning, December 14, for the construction and equipping of an addition to the East Berlin school building. Bids must be submitted separately for the general contract for heating and ventilating, for plumbing and for electrical work.

Set Date For Charity Fair: The annual charity fair given under the auspices of the children of Mary, of St. Joseph's college, Emmitsburg, will be held December 14 in the college gymnasium at Emmitsburg. The object of the fair is to accumulate funds for the benefit of Emmitsburg needy and to provide for them a happy Christmas.

In the morning there will be a basketball game arranged by the freshmen between the Marillac and Seton teams. Following the game all classes will join in decorating the gym for the fair.

Catholic Unit Will Dissolve: Thirty-six members of the Immaculate Conception Roman Catholic Beneficial Association, of New Oxford, will share in the distribution of \$987.12, the balance remaining in the treasury, by an order of Judge Donald P. McPherson in court here, Friday afternoon.

Under the court order, the association is dissolved, and the balance in the treasury is distributed among the 36 members, each of whom will receive \$27.42.
Xmas Lights Make Big Hit: Gettysburg's new Christmas street decorations, officially turned on at 7:30 o'clock Friday night by Burgess Wilbur J. Stallsmith, met the general approval of merchants and townspeople. Just as the Blue and Gray band a stirring selection Friday night in front of the Hotel Gettysburg Burgess Stallsmith pushed the switch that ignited the hundreds of lights extending across the four main streets of town, one block from the square.

Hundreds of people were on the streets to witness the official turning on of the lights and many motorists rode out the various streets and then turned around to approach the square to get a better view of the colorful sight.

Today's Talk

EXPRESSION

The greatest thing in life is expression. He who does not express rusts and decays.

Only as you are able to enter upon the work of your day with heart and enthusiasm are you able to express honestly. Not to express is to starve your soul—which is far worse starvation than that which comes from lack of food.

If you would unfold naturally, if you would develop—keep expressing. No matter how imperfectly.

I would much rather have a handmade book than one produced by machinery. For there would be in the one all the beauty and love of expression. There is a fascination about an original painting. You see the very tracks of the skilled fingers of the artist and often you see whole years of growth about the carefully placed paint. Expression!

Much of our short lives is shrouded in darkness—no matter how good our eyes may be. But as we scrape away at the thick walls of our hidden selves, we break into the light.

Take time to think. Take time to play. You will then have plenty of time in which to work.

God was very far seeing. He placed interests sufficient in the world for all—for all time. So that expression might not die.

Each year finds us all just a little further on. The sum total of all expression is on the upward stride.

Express, and you will grow. Express, and you will find out where happiness comes from. Express, and you will continually want more time in which to work. Nothing stimulates and spurs like expression.

The more you express, the better this world is sure to look to you!

Tomorrow Mr. Adams will talk on the subject: "New Life"

MONEY
I would like to have money and all it will buy,
But I never will be able to obtain it;
For wealth I am eager and ready to try,But there's much I won't do to gain it.
I won't spend my life in a money-mad chase,
And I'll never work children to win it;I won't interfere with another man's race,
Though millions perhaps may be in it.
There are prosperous things that are crusted with shame,
That I vow I will never engage in.There is many a crooked and dishonest game
With a large and a glittering wage in,
But I want to walk out with my head held erect
Nor bow it and sneakingly turn it;
Above all your money I place self respect,
I'm eager for gold—but I'll earn it.

LOUISVILLE, Ky. (AP) — The Class A Eastern League will open play April 21 next year with each of the six teams playing a 140-game schedule.

Meeting during the minor league convention, the Eastern circuit also announced Tuesday that post-season playoffs among the top four teams will start the day after the season ends, Sept. 4.

TORONTO (AP) — Max Schmeling, Germany's former world heavyweight boxing champion, says Ingemar Johansson of Sweden could be the greatest heavyweight champion in history if he took the sport seriously.

Schmeling, 55, said in an interview Tuesday that Johansson was in perfect condition when he knocked out Floyd Patterson in their first fight. In the second bout, in which Johansson was knocked out he didn't train hard enough, Max said.

FORD FRICK TO
DECIDE WHEN
LEAGUES CAN'T

By ED CORRIGAN

Associated Press Sports Writer
NEW YORK (AP)—Baseball's top brass went into an extraordinary council today to try to turn chaos into order.

Baseball Commissioner Ford Frick met with National League President Warren Giles and American League President Joe Cronin in an attempt to bring some sort of solution to the bitter inter-league feud over ways and means of adding new franchises.

The main problem was how to arrive at a permanent plan to add new franchises, a plan that will permit the two leagues to work together and avoid placing them in the embarrassing situation they now find themselves.

COOL RECEPTION

Right now, the American League wants to operate with nine teams and play an interlocking schedule with the National League. The NL has given the idea a cool reception.

Failing that, the AL wants to expand to 10 teams next season, with new franchises in Washington and Los Angeles and the old Washington Senators moving to Minneapolis-St. Paul.

The National League won't buy this either because Los Angeles President Walter O'Malley doesn't want another team in his area next season. Since the rules state that unanimous approval is required for one league to move into territory already occupied by the other, this idea, too, appeared doomed.

If the two leagues can't agree between themselves, Frick said he will break the deadlock by casting his deciding vote for an amendment to the rule requiring unanimous consent that is "fair and equitable."

MSM QUINTET
WILL PLAY IN
2 TWIN BILLS

GARDEN CITY, L. I., N. Y.—The first collegiate basketball doubleheader ever to be played in Woodruff Hall on the Adelphi College campus will take place here on Friday night, December 9, at 7:30 and 9:15 p.m.

The feature game pits Coach George Faherty's Adelphi College game Panthers against visiting Loyola College from Baltimore.

In the opener, Hofstra College, making its first appearance in Woodruff Hall since the 1949-50 season, meets Mt. St. Mary's College of Emmitsburg.

Host Adelphi College has a roster comprised of nine returning members of last year's team in addition to five outstanding Sophomores. Loyola, though in a rebuilding year, has a young team, known as the fastest in their history and possessors of excellent shooting ability. Hofstra, winner of 23 of 24 last season, has virtually everyone back for the 1960-61 campaign and their roster indicates experience and depth. Mt. St. Mary's team features "height, depth, experience and talent," according to Coach Jim Phelan.

This is the third straight year that these four teams have played each other either here on Long Island or down in Maryland.

The following night, December 10, the action switches to the Hofstra College campus with Coach Faherty's Adelphi courtmen engaging the Mount at 7:30 and Hofstra meeting Loyola in the nightcap.

Bullets Invade Lewisburg To Battle Bisons In Cage Opener Thursday Evening

Gettysburg College's veteran basketball squad opens its rugged 25-game schedule Thursday night when it tangles with Bucknell at Lewisburg in a Middle Atlantic Conference game. The freshman teams will meet in the preliminary at 7 o'clock.

Following Thursday's engagement the Bullet varsity clashes with Rider on the York Junior College floor Saturday evening in the second game of a benefit doubleheader sponsored by the York Sertoma Club. Penn Military College and Lebanon Valley will meet in the opener at 7.

Coach Bob Hulton, who will be starting his fourth season as head coach, will send an experienced club against the Bisons. The Bullets have made several good showings in pre-season workouts and will be ready to improve upon last season's 15-11 record.

REPEAT STARTERS

Hulton will probably go with the first six men who carried the club through 1959-60. Ron Warner, York, and Bob Parker, Yeadon, will be stationed in the backcourt with Bill Fitzkee, Mt. Wolf, at center, and Bill Hensing, Valley Forge, and George Burnett, Salisbury, Md., at the forward posts. Bruce Simpson, Sunbury, will alternate with Hensing and Burnett.

Ted Koerner, Melrose Park, is a promising 6-1 sophomore who is capable of filling in where needed. Koerner has a good jump shot and set the pace on last year's yearling squad with a 15.8 average.

Ron Warner, one of the leading scorers in the East a year ago, is once again expected to lead the Orange and Blue cagers. Warner tallied an even 600 points last year for a 23.1 average and won the Middle Atlantic scoring title. Bob Parker, 5-9 runner up in the scoring race, will take his usual post as field general.

Despite the fact the Bullets will lack height, Hulton will be able to count on three men to do an adequate job under the boards. Fitzkee, Hensing, and Simpson are all 6-3 and have improved in the rebounding department.

Gettysburg and Bucknell have clashed 84 times on the court since 1901. The Bullets have won 46 contests and dropped 38. Last season Bucknell registered an 80-71 win in the first game and the Bullets bounced back to take a 61-46 decision in the second game.

BISONS HAVE VETS

Coach Ben Kribbs, beginning his ninth year at the helm of the Bisons, will have eight lettermen and an outstanding service returnee on hand for the opener with the Bullets.

Two Seniors, Bruce Babich and Mike Kasnick, and three Juniors, Don Lampus and Co-Captains Joe Steiner and Dick Kniffin, are expected to make up Bucknell's starting five.

Steiner, a 6-4 forward from Punxsutawney, Pa., led the team in rebounds and was second in scoring last year and shows promise of becoming one of the top performers in the MAC this season.

Oregon To Use East Officials For Game

PHILADELPHIA (AP)—Liberty Bowl representatives announced Tuesday that Oregon, which will meet Penn State in the Dec. 17 football bowl game here, has agreed to the use of eastern officials.

Representatives said they were notified through a telegram from Leo Harris, Oregon's athletic director, that the West Coast school would accept a team of five officials picked by Asa Bushnell, commissioner of the Eastern College Athletic Conference.

It had been reported earlier that Oregon would seek the use of two western officials.

JACK GIBBS IS NAMED AP BACK FOR THE WEEK

OXFORD, Miss. (AP)—It's hardly confidential information that the success of the Mississippi Rebels in college football is partly due to a long line of outstanding quarterbacks. And Jack Gibbs, is no exception.

For his season-ending performance against Mississippi State last Saturday, Gibbs was named the Back of the Week by The Associated Press.

Topping such backs as Joe Bellino of Navy, Bill Kilmer of UCLA and others required some doing, but consider Gibbs' showing against the Maroons:

13 OF 15 PASSES

He completed 13 of 15 passes—two for touchdowns—while scoring one himself and made two key tackles on defense.

Gibbs is easily one of the nation's top players and a prime contender for All-America honors.

The 22-year-old senior from Grenada, Miss., who will guide the Rebels against Rice in the Sugar Bowl, thought it was "great" to be the Back of the Week, an honor "coming to him" in the opinion of Coach Johnny Vaught.

11 WARRIORS GIVEN AWARDS

Eleven members of the Gettysburg High School football squad were presented varsity letters at the annual football awards program Tuesday afternoon at the school.

Those receiving the awards were: Seniors, Honorary Captain Don Waddell; Co-Captain Edward Gastley, and Roger Eckert; Juniors, David Coshun, Larry Eckert, Edward Hofe, John Holoka and James McClellan; Sophomores, Paul Plank, Edward Zeigler and Ronald Doaks.

Donald Young, head football coach, presided during the program.

John Carpenter, a member of the Gettysburg College coaching staff, spoke on the value of athletics, and Richard Davidock, former college football star and now a student teacher at the high school, talked on what it takes to be a good athlete. Captains Waddell and Gastley also spoke briefly.

NAVY'S HEWITT IS AP LINEMAN FOR THE WEEK

By TED MEIER
John Hewitt of Navy, "the man in front of Bellino," was named Lineman of the Week today by The Associated Press.

Hewitt, a 21-year-old guard, was the outstanding lineman on the field in Philadelphia last Saturday as the Middies beat Army 17-12 and earned a trip to the Orange Bowl.

During the season Navy Coach Wayne Hardin tabbed him as the player "who springs Bellino loose for most of his runs."

GIVES HIM START

The reference was to Joe Bellino, Navy's star back, who has made numerous long runs.

As Hardin described it: "Bellino needs to get a start as any back does. We've built our defense — and everything else — around him, but all we do is try to get to the line of scrimmage and turn him loose. Hewitt is the one who gives him the start."

Hewitt, a native of Belle Vernon, Pa., is president of the junior class at the Naval Academy.

Another Navy guard, Vern Von Sydow, was high up in the voting by sports writers and broadcasters in the final weekly AP poll of the season.

Sydow played a great defensive game and when Army closed to within 17-12 at 5:46 of the last quarter it was Von Sydow's interception of an Army pass that balked the Cadets' try for a 2-point conversion.

Other linemen nominated: Bobby Lane, Baylor end; Jerry Mays, Southern Methodist tackle; Joe Eilers, Texas A&M tackle; Joel Goodrich, South Carolina tackle; Gary Henson, Colorado end; Johnny Brewer, Mississippi end.

BHS MATMEN HOST WY IN FIRST MEET

Prospects are bright for the Biglerville High School wrestling squad this season. Coach Johnny Toggas has seven lettermen from last season while a letterman from two years ago, Walter Showers, has reported after being out of action last season.

The Cannons open their 13-meet schedule by hosting West York in a York-Adams League meet Thursday evening at 7:30 o'clock.

Lettermen from last year and their records of last season follow: Seniors — Rodney Palmer, 120, 9-3; Arthur Miller, 133, 8-6; Ronald Wagner, 165; 13-3-1; Dennis Little, 180, 5-5.

Juniors — Bill Stoner, 120, 8-6; Carl Hess, 154, 9-3; Perry Mickey, 235, unlimited, 7-5.

Showers, a Senior, wrestles in the 127-pound class. Another Senior, Wayne Arnesberger, 95, compiled an 0-9 mark last year.

OTHER CANDIDATES

Other candidates on the squad include Jeff Kline, Glenn Kuykendall, Terry Taylor, Elmer Vandersdale, Albert Kennedy, Terry Herman, Charles Hess, Robert Slonaker, Bill McClellan, Fred Hartman, Tom Kookin, Bruce Parker, Keith Martin, Jim Mickey, Phil Yasovsky.

The squad managers are Larry Wright, Bill Roth and Herbert Bowers.

The schedule:
December 1, West York, home; 8, Hanover, away; 15, Dallastown, home; 22, Shippensburg, away; January 5, Dover, away; 12, York, home; 19, Northeastern, away; 25, Eastern, away; February 2, Central, home; 8, York Suburban, home; 11, Camp Hill, away; 16, Spring Grove, away; 20, Mechanicsburg, home.

U. S. DAVIS CUP HOPES JARRED

MELBOURNE (AP) — Italy's Nicola Pietrangeli and Orlando Sirola jarred America's Davis Cup hopes today by beating the teen-age pair, Dennis Ralston and Chuck McKinley, in the doubles semifinals of the Victorian tennis championships 5-7, 11-9, 15-13, 6-2.

In the other semifinal, Australia's Neale Fraser and Roy Emerson, crushed America's Barry MacKay and Earl Buchholz 6-1, 6-2, 6-3.

The first match was a preview of the Davis Cup interzone finals at Perth, Dec. 9-11.

The turning point apparently came in the second set when Ralston's powerful service failed him in the 20th game. After losing only 9 points on 7 previous services, he dropped service without winning a point. The Bakersfield, Calif., lad never was the same after that.

and chief recruiter, was immediately projected as Weaver's successor. Weaver resigned at the season's end.

The appointment of King, 47, was announced Tuesday night.

King becomes a head coach after 15 years as assistant at Tulane, Texas, Texas A&M and Texas Tech, three years at the latter. He got a one-year contract with a reported salary of \$12,000.

Carlisle, Chambersburg Dominate All-South Penn Selections; GHS Ignored

Carlisle, 1960 champion, and runner-up Chambersburg dominated the official 1960 South Penn All-Conference football selections made by the South Penn Sportswriters' and Sportscasters' Association in conjunction with the coaches of the five-team circuit. Each secured four first team choices.

Waynesboro, third place outfit, gained three first team places.

Due to the membership drop in the South Penn League from eight to five teams the past season, it was decided to limit selections to first and second teams, with no honorable mentions being listed.

For the first time since selections were begun in 1949 by the association, no Gettysburg High School players were chosen to either the first or second team.

NYE UNANIMOUS

Dirk Nye, Chambersburg's 200-pound fullback, is the lone unanimous selection, polling a maximum of 65 votes and is the honorary captain of the dream team. The lone repeater from the 1959 first string outfit is Ron Gelsinger, Chambersburg tackle, who was second high in the balloting with 61. Nye was a second team selection a year ago.

Eight Seniors and three Juniors make up the first team. However, Jim Jenkins, Chambersburg guard, listed as a Junior, will be ineligible next year due to age limit.

The second string squad, composed of 10 Seniors and a Sophomore, was dominated by Hanover and Carlisle with four place-tops each. Bill Owens, Carlisle back, is the lone Sophomore.

45 NOMINATED

A total of 45 players were nominated for the balloting. In the balloting each first team pick was worth five votes while second team choices were good for three. Each coach selected an all-opponent team while the sportswriters and sportscasters each picked two teams.

Participating in the balloting were the following coaches: Don Kinderman, Chambersburg; Ken Miller, Carlisle; Don Young, Gettysburg; Steve Padjen, Hanover, and William Zehner, Waynesboro.

Sportswriters from the Hanover Evening Sun, Carlisle Sentinel, Chambersburg Public Opinion, Waynesboro Record Herald and Gettysburg Times, as well as radio stations WHVR, Hanover; WAYZ, Waynesboro; WCHA and WCBG, both of Chambersburg, voted.

Brown, Plum Lead In NFL Statistics

NEW YORK (AP) — Jimmy Brown and Milt Plum, the Cleveland Browns' 1-2 ground and air attack, continued to lead the top individual offensive departments in the National Football League today.

Brown has gained 912 yards rushing in nine games for the Browns, who are tied for second place with New York in the Eastern Conference. He has carried the ball 164 times for a 5.6 average.

Plum's accuracy is further demonstrated in three departments: (1) per cent completed, (2), per cent intercepted and (3) average gain.

The former Penn State star has completed 115 of 170 for 1,705 and 13 touchdowns for a 67.6 mark. He has yet to have a pass pilfered and has averaged 10.03 per toss.

Columbia's oldest football rival is Rutgers. They first met in 1870.

WOULD LIKE LUNCH WITH PRESIDENT

By HERB THOMPSON

ANNAPOLIS, Md. (AP)—Personal note to Sen. John F. Kennedy, president-elect and sometime touch football player:

Navy halfback Joe Bellino would like to have lunch with you. He figures it would be the perfect end to an unbelievable football season.

Bellino Tuesday won the Heisman Trophy as the nation's outstanding college football player of 1960, outpacing Minnesota guard Tom Brown, Mississippi quarterback Jake Gibbs and Auburn fullback Ed Dyeas in national balloting.

The day before he had won the Maxwell Trophy, given for the same honor.

POST SEASON HONORS

He also is making a host of post-season honor teams as a result of scoring 110 points, leading Navy to a 9-1 season record, No. 4 national ranking and an invitation to the Orange Bowl.

The flood of honors has Bellino, son of a Sicilian immigrant from the Boston suburb of Winchester, Mass., in something of a spin. But he said there is just one more thing that would make his season complete.

"I'd like to be invited to have lunch with another Boston resident who also has had a good year — President-elect Kennedy," Bellino told newsmen.

Hershey Moves Into 4th Place In AHL

By THE ASSOCIATED PRESS

The Quebec Aces continued their nose dive in the American Hockey League standings today while their losing streak mounted to eight games.

Before the streak started, the Aces were tied with the Springfield Indians for first place. Now they are all the way down in fifth place and only four games in front of the last place Providence Reds.

The Hershey Bears whipped the Aces Tuesday night, 4-1, in the only scheduled game and took over fourth place in the standings. The Bears have 23 points to the Aces' 22.

Jack McIntyre, Nick Nykoluk, John McKenzie and Howie Yonisk scored Hershey's goals, while Garry Collins tallied for Quebec in the second period.

Fred Creighton, Providence defenseman in the American Hockey League, is a native of Brandon, Man., where his father is mayor. His brother, Dave, is a center for Rochester.

GIANTS FAIL IN BID TO SELL STAR PITCHER

By JOE REICHLER

Associated Press Sports Writer
LOUISVILLE, Ky. (AP)—The San Francisco Giants, thwarted in their efforts to trade Johnny Antonelli, their one-time pitching ace, to the New York Yankees for catcher Johnny Blanchard, appeared to be close to a deal that would send the veteran left-hander to the Cleveland Indians for infielder Johnny Temple and pitcher Dick Stigman.

Holding up the deal, which would be the first made at the annual meetings, is Cleveland General Manager Frank Lane, widening the scope of the transaction to include Giant outfielder Willie Kirkland or Felipe Alou and Indian outfielder Tito Santana.

DECLINED STATEMENT

Lane acknowledged these names were discussed but declined to reveal the exact nature of the deal.

Along with everybody else, Lane blamed the rule which forbids the trading of 120 American League players who were thrown into the hopper earlier this month to stock the new teams for the lack of deals.

This rule will be in effect until Dec. 13, when the new team, if teams, will select seven players from each established major league club at \$75,000 per player.

The interleague trading period, currently in effect, expires Dec. 15. A movement is on foot to extend the trading period.

The only positive action taken Tuesday was the naming of Jim Turner as pitching coach by the Reds and the signing of veteran infielder Danny O'Connell by the Washington team.

WARRIORS WIN BEHIND WILT

By THE ASSOCIATED PRESS

The Philadelphia Warriors still remained one game behind the Boston Celtics in the National Basketball Association's Eastern Division race today, but they probably can thank a rugged Los Angeles schedule and the flu bug which kept high-scoring Elgin Baylor of the California club on the bench for a big break.

With Baylor out the Warriors edged Los Angeles 122-121 in the first game of a doubleheader at New York's Madison Square Garden Tuesday night.

As usual, Wilt Chamberlain sparked the Philadelphia attack, scoring 44 points.

BOSTON WINS

The Celtics stopped the St. Louis Hawks — Western Division leaders — 119-109 in a doubleheader at St. Louis. It was Boston's eighth straight victory.

The Syracuse Nationals downed the Cincinnati Royals 129-105 in the other half of the St. Louis doubleheader. In the second Garden game, the New York Knickerbockers rallied in the second half to clip the Detroit Pistons 118-107.

For Los Angeles, it was the eighth game in as many nights and the Lakers managed a 4-4 split.

2 CARPENTER UNION LEADERS SENT TO PRISON

INDIANAPOLIS, Ind. (AP) — Two top officials of the Carpenters Union were sentenced to prison in the Indiana highway scandals Monday over the sharp protest of their attorney.

Counsel for Carpenters President Maurice A. Hutchison and Vice President O. William Blaier filed a motion for a new trial before special Judge M. Walter Bell sentenced them to 2 to 14 years in prison.

Judge Bell then released the defendants on \$5,000 bond each and set arguments for Jan. 4 on their motion for a new trial.

Attorney John A. Roysse objected strongly to the sentencing of Hutchison and Blaier because the judge had not yet ruled on the new trial motion.

CONSPIRACY, BRIBERY

Hutchison and Blaier were convicted Oct. 28 of conspiracy and bribery of a state highway department employee in connection with a quick profit of more than \$81,000 on highway right-of-way deals in Lake and Wayne counties in 1956.

Judge Bell fined each man \$250 and ordered both to pay trial costs. He also barred them from voting or holding public office for five years.

The sentences were mandatory, but the fines could have been any amounts up to \$15,000 each. Judge Bell explained he did not levy the maximum fines because Hutchison and Blaier paid back to the state their profits from the land deals.

Harry O. Doggett, former assistant right-of-way chief of the State Highway Department, faces a charge of accepting bribes from Hutchison and Blaier.

GOP Calls For More Lady Participation

HARRISBURG (AP) — The Republican state chairman has recommended that the GOP give greater attention to precinct organization and give women a larger voice in its affairs.

The GOP must start now to organize every one of the state's more than 9,000 voting divisions, said Chairman George I. Bloom Monday.

Addressing the 38th annual meeting of the Pennsylvania Council of Republican Women, Bloom also advocated a change in the party's rules to require a committeewoman as well as a committeeman in each county.

Bloom also called for a drive to restore the Republican registration majority in Pennsylvania. Democrats took a slim lead of less than 3,000 for the Nov. 8 election.

JOHN BUTLER FIRST DOOMED BY DUAL JURY

PITTSBURGH (AP)—Convicted sheriff-killer John Butler may be the first person to die in the electric chair in Pennsylvania under an amendment requiring dual jury deliberation in first degree murder cases.

Judge Samuel A. Weiss imposed the death sentence on the 53-year-old Girardville man Monday in Allegheny County Criminal Court.

Butler was found guilty on May 20 of fatally shooting Sheriff James L. Lauer of Northumberland County during an escape attempt in nearby McCandless Twp. on May 27, 1959.

Under a 1959 amendment, a jury, after returning a first degree murder verdict, is required to deliberate a second time to set the penalty at either life imprisonment or death in the electric chair.

PASSED IN 1957

The amendment was passed in December, 1959. The last execution in Pennsylvania was in October, 1959.

In Butler's case, the jury took four hours and 53 minutes to find him guilty. After hearing additional testimony, the panel deliberated another 15 minutes before returning the death sentence.

Mrs. Marjorie Matson, Butler's attorney, said she plans to file an appeal on the conviction to the State Supreme Court.

Butler, who was serving a term for armed robbery, was being transferred from Sunbury to Western State Penitentiary at the time of the escape attempt.

MRS. KENNEDY IS RESTRICTED

WASHINGTON (AP)—Any plans Mrs. John F. Kennedy has for increasing social activity in the White House will have to be postponed for six months.

That advice from her doctor dashes some of the enthusiastic predictions that came only a week ago from Mrs. Kennedy's new social secretary.

Letitia Baldrige had reported Mrs. Kennedy would be making plenty of news and innovations in the White House starting about three months after the birth of her baby.

But the unexpectedly early arrival of John F. Kennedy Jr. last Friday changes the picture.

Dr. John W. Walsh, who brought baby John into the world four days ago, wants Mrs. Kennedy to take it easy for six months. He explained that means she'll have to "cut down—but not eliminate" some of the White House social activities.

Record Vehicles Travel On Pike

HARRISBURG (AP)—A record 445,231 vehicles used the Pennsylvania Turnpike during the four-day Thanksgiving weekend without a fatal accident, the Turnpike Commission reported.

Only 45 minor accidents were reported by state police in an estimated 33 million vehicle miles during the period, it added.

NEW YORK (AP)—William Gibbs McAdoo Jr., 65, whose late father was secretary of the Treasury under President Wilson, was killed Monday in a plunge from the roof of a nursing home. McAdoo had entered the nursing home a year ago after suffering a stroke at Centerville, Md., where he had maintained a farm.

THE HAGUE, Netherlands (AP)—Derek J. De Geer, 89, former premier once denounced by his countrymen as a Nazi collaborator, died Monday. De Geer, a vet-

Columbus, will sponsor a shrimp feed in the club home December 9. Members will be permitted to bring guests.

Elias Lutheran Church will hold its annual Christmas bazaar and turkey and oyster supper Saturday beginning at 3 p.m. in the parish house. The public is invited.

BABY IS BORN SNOWBOUND

VACAVILLE, Calif. (AP)—Anna Shifrine says having her baby prematurely in a snowbound mountain cabin didn't bother her, that she was more worried by the auto ride back home in holiday traffic.

"I don't know what all the fuss was about," she said Monday after newspapers learned of the episode.

She and her husband, Moshe, and some friends went to the cabin in high in the Sierra Friday. An overnight storm left them snowbound. The baby, Rebecca, was born Friday night without a doctor in attendance.

Mrs. Shifrine skied 200 yards from the cabin to the family car Sunday, holding the baby in her arms, and returned home. Shifrine meanwhile had snowshoed to a telephone booth to call the family doctor and ask about special care for a 3½-pound baby.

The doctor was out, but the message got mixed up and a rescue party — the doctor, a forest ranger, two deputy sheriffs and a reporter — floundered to the cabin.

They learned that all was well, that mother and infant—her fifth child—were doing fine.

NATION AWAITS LAST BUSINESS MONTH OF '60

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—The nation wheels into the last month of a perplexing year still in some doubt as to what the final score will be.

In four weeks the short-term cliff hangers should be resolved. The longer-term course of the economy may well still be anybody's guess.

The short-term ones:
1. How much selling to establish losses for tax purposes will the stock market have to absorb? And how much, if any, will that shake its balance?

2. Will the Christmas-conscious consumer be generous enough to answer the prayers of the nation's merchants for a better sales season than last year?

HOLD PROFIT LINE?

3. Will the majority of the nation's corporations hold the profit line and bring 1960's earnings close to 1959's? It will be several weeks after New Year's before the figures are made public—but company executives will be giving a general idea in their year-end statements.

Stock selling for tax purposes could take a toll of the market. Prices of many stocks are well below the start of the year. And traders would want to take advantage of these losses to offset any income gains in other directions.

But some brokers think the ex-

tent of tax selling is far from a sure thing. They hold that many traders have already taken their losses, and in recent weeks have been reinvesting what they got from sales in other stocks they think look good for the future, stocks that they'll be holding onto.

EYE MARKET RALLY
And don't forget: Wall Street puts store in a traditional market rally after tax selling is out of the way.

The corporate profit picture is taking surer shape. Compared with last year's figures, each quarter this year has shown a decline in net income after taxes. Some corporations see a turn for the better now, but as many or more see the declining trend continuing.

It's a tossup whether the good returns in the first three months of 1960 will be enough to pull the entire year's outcome even with 1959.

If that's not enough, few will be sadder than the incoming secretary of the Treasury. Hopes for a Treasury surplus at the end of the budget year next June 30 were built on preliminary expectations that 1960 taxable corporate income would be greater than 1959.

4 Youths Are Sent To Reformatory

WESTMINSTER, Md. (AP)—Four youths from the Baltimore area have been sentenced to three year terms in the Reformatory for Males on burglary and stolen goods convictions.

Chief Judge James Boylan imposed the sentences Monday in Carroll County Circuit Court. The defendants are William H. England, 20, and James A. Duvall, 16, both of Baltimore; William C.

REPORT SILENT HEART ATTACK, PHONY DRUG

By THE ASSOCIATED PRESS

Doctors this week report on silent heart attacks, empty injections for high blood pressure, and what makes a leader.

Injections of a placebo—a solution having utterly no drug action—have reduced blood pressure for three years in a number of patients, and worked about as well as shots of a real drug given to others.

Oddly, placebos taken by mouth did not reduce blood pressure, University of Mississippi researchers report.

Heart attacks can occur without a person's knowledge.

A survey of middle-aged men living in cities finds 10 to 15 percent of mild heart attacks can happen with no symptoms of pain or distress. Later, electrical readings of the heart gave the clue these men must have had a blockage of coronary arteries. Reg-

Nawrot, 19, of suburban Catonsville, and William B. Van Beber, 18, of Woodlawn, Baltimore County.

Trooper I.C. Raymond W. Anders testified the four had robbed Jay W. Conaway's store in Winfield of rifles, cigarettes and chewing gum last Sept. 30. They were captured after high speed chases through Carroll, Howard and Baltimore counties.

Van Beber and Nawrot were convicted of receiving stolen goods, the other two of burglary.

ular electrocardiogram check-ups might detect a significant number of such silent heart attacks, and the victims might benefit from treatments designed to prevent further attacks, a Chicago research team suggests.

What elements make a man a leader?

Research could learn why, and could also study the stresses to which administrators and policymakers are subjected, a World Health Organization Expert Committee on Mental Health suggests.

Some committee members wonder whether the stresses of being a leader are just too much for normal people, and so whether some leaders may be persons with psychopathic make-up. Comparisons of leaders in various countries could be illuminating, they think.

APPEALS CASE UP TO KENNEDY

NEW YORK (AP)—The Kennedy administration may have to decide whether to appeal the dismissal of conspiracy convictions against 20 delegates to the 1957 underworld convention at Apalachin, N.Y.

The U.S. Court of Appeals in an unanimous decision Monday dismissed the cases, ruling that the government had failed to prove its charge.

The three-man court called the government's case a "boot strap operation" based on "crash methods."

Justice Department officials in Washington declined comment pending a study of the opinion. Solicitor General J. Lee Rankin

has 30 days in which to apply for a review by the U.S. Supreme Court. He also could request a 30-day delay, in which case the question of whether to seek a ruling by the nation's highest court might be left to the John F. Kennedy administration, which takes office in January.

When the men were convicted last Jan. 13, Atty. Gen. William P. Rogers called it a major blow in the government's battle against organized crime.

The government had contended that the Apalachin gathering had a sinister motive—such as assigning gangland territory and rackets. But the appeals court said that after all these years there "is not a shred of legal evidence" that the conclave was illegal or even improper in either purpose or fact.

NOTICES

In Memoriam

WARNER: In loving memory of our husband and father, Ralph Warner, who passed away two years ago, November 30, 1958. Two years have passed since that sad day.

When the one we loved was called away.

God took him home. It was His will.

But in our hearts he's living still. No one knows our longing, but few have seen us weep.

We shed our tears from an aching heart, while others are fast asleep.

Loving and kind in all his ways, Upright and just to the end of his days.

Sincere and true in his heart and mind.

Beautiful memories he has left behind.

Sadly missed by
HIS LOVING WIFE, VELMA

MEN, YOU can't miss this one. If \$100 to \$150 a week looks good to you—right from the start—get in touch with us at once. We'll show you how other men are making big money and how you can too. This is not a cold canvass deal. We furnish leads. The reason our men make so much money is: This is the fastest growing company in America. The demand is so great in this territory that we need more men at once to follow up leads and write up orders. Don't pass this up. It costs nothing to get the facts. For personal interview phone Colony 4-5400.

FOR COUPLE

TO FLOAT \$25 MILLION BOND ISSUE SOON

HARRISBURG (AP)—The General State Authority expects to float a new \$25 million bond issue next spring.

At its monthly meeting Tuesday the agency approved the issue and adopted a tentative time schedule for bids March 14 and sale completed by April 11.

By that time the GSA expects its present fund to be about \$10 million.

OTHER ACTION

In other action, the GSA approved:

Allocation of \$500,000 for expansion of the sewage treatment plant at Pennsylvania State University in an effort to reduce pollution of Spring Creek.

Expenditure of \$750,000 to purchase land for a new state park in Indiana County. It will include

land on Yellow Creek in Brush Valley and Cherry Hill Twp.

An additional \$250,000 for lines to connect the Western Pennsylvania State School and Hospital in Washington with the Canonsburg-Houston sewage disposal plant.

An extra \$55,000 for Mercy-Douglass Hospital in Philadelphia to buy operating room and X-ray equipment.

An experimental design to provide semiprivate bathrooms at a proposed dormitory building at Edinboro State College.

The board said it has authorized designs and bids on the college building to determine the cost. The GSA has allocated \$1,650,000 for construction of two dormitories at the Erie County School.

WASHINGTON (AP)—The Census Bureau said today its final figures show that Lebanon, Pa., has a 1960 population of 30,045. And, for Lebanon County, which includes the city, the count stands at 90,853, the bureau said.

Both figures, the bureau said, are final and, under the law, cannot be changed.

Ungrateful Cat Bites Benefactor

PHILADELPHIA (AP)—Minnie the Mole, a cat, discovered a hole in the ceiling and that caused quite a bit of confusion in the Philadelphia apartment of Mrs. A. Pierce.

Curiosity took Minnie into the hole but she couldn't get out. S-P-C-A agents tried to get the cat out but Minnie just retreated further from the hole.

Finally, a construction man, John Milligan, did some measuring and said—cut a hole here—and there was Minnie. She scampered out but stopped for a minute to bite Milligan on the hand.
